

The  
 **DAN**® 2007  
**Online**   
**Auction** hosted by  
**eBay**

**Nov.1 - 30, 2007**

Divers Alert Network is pleased to announce **The 2007 DAN Online Auction**. DAN will present this sixth online auction to benefit dive safety in a unique partnership with members of the dive business community.

You are invited to join this venture to support safe diving. Funds raised from highest bids will be used to support the DAN Mission.

DAN will use the power of eBay to expose your business to more bidders than ever before. By using the rolling auction method, DAN will be adding new items to the auction every few days, keeping it fresh and exciting. Bidders will have 10 days to bid for an item. A shorter bid window and new items added every week will encourage more traffic.
