DAN *TravelAssist* Benefits

These benefits are available under both the Individual and Family membership programs. With an Individual membership, enrollment is automatic when the person becomes a member. With a Family membership, the primary member is automatically enrolled, and others who qualify as Family Members are enrolled when the primary Member adds his/her name to the list of Covered Family Members. Coverage is provided 24 hours per day, seven days per week to those traveling on a trip at least 50 miles/80 km from the person's permanent residence as listed in the DAN database. Benefits payable for expenses incurred for the DAN *TravelAssist* benefits will not exceed the maximum amounts shown below, or in the aggregate, more than \$100,000 per Member. All covered benefits must be arranged in advance by DAN *TravelAssist*. All travel arrangements must also be coordinated through DAN *TravelAssist*.

Medical Assistance

Emergency Evacuation and Repatriation. If a DAN Member or a Covered Family Member suffers a medical condition during the course of a trip and such condition (as determined by DAN *TravelAssist* in consultation with the local attending Physician) requires an emergency evacuation, or medically necessary repatriation, benefits up to a maximum of \$100,000 (per person if a Family Membership) will be paid by DAN *TravelAssist* directly to the provider for Covered Expenses incurred for such evacuation or repatriation.

Emergency Evacuation means that, due to Medical Necessity, the Member or Covered Family Member requires immediate transportation from the place where such person has a medical emergency to the nearest appropriate medical facility where appropriate medical treatment can be obtained.

Emergency Evacuation does not include efforts to locate an injured person whose location is unknown, or efforts to rescue such persons from a dangerous situation or a location inaccessible by emergency services personnel. Emergency Evacuation may begin only after the injured person is made available at a location which can be reached by emergency medical services personnel.

Medical Necessity includes any situation where it is judged medically appropriate to move the Member to another location either for treatment or for a higher level of medical care. DAN *TravelAssist* will arrange details of the emergency evacuation, using the means best suited to do so, based on the seriousness of the Member's condition, and these means may include air ambulance, surface ambulance, regular airplane, railroad or other appropriate means. All decisions as to the means of Transportation and final destination will be based solely upon medical factors.

Transportation means any land, water or air conveyance required to transport the Member or Covered Family Member during an emergency evacuation or repatriation. Expenses for special transportation must be recommended by the attending Physician in conjunction with DAN *TravelAssist* or required by the standard regulation of the conveyance transporting the Member or Covered Family Member. Special transportation includes, but is not limited to, an air ambulance, land ambulance, and private motor vehicle. Expenses for medical supplies and services must be recommended by both the attending Physician and DAN *TravelAssist*.

Covered Expenses include any Transportation, medical treatment, medical service, or medical supply that (1) is necessarily incurred in connection with emergency evacuation or repatriation of the Member or Covered Family Member; (2) meets generally accepted standards of medical practice; and (3) either is ordered by a Physician and performed under his or her care or supervision or order, or is required by the standard regulations of the conveyance transporting the Member or Covered Family Member. All transportation arrangements made for evacuating or repatriating the Member or Covered Family Member must be by the most direct and economical conveyance, and arranged in advance by DAN *TravelAssist*. Covered expenses do not include amounts that are eligible for reimbursement under "Other Medical Expense Insurance."

DAN *TravelAssist* will not pay Transportation to transport the Member or Covered Family Member to their place of permanent residence if there are closer medical facilities which are capable of attending to the Member's medical condition.

Repatriation means that due to Medical Necessity, the Member or Covered Family Member requires follow-up care or rehabilitation services for the Sickness or Injury, and is deemed medically fit to travel by commercial air or ground transportation to either:

- the person's place of residence; or
- the region where the person is living and/or working at the time of the Sickness or Injury; or
- a different medical facility for further care, treatment or evaluation.

Any Medically Necessary Repatriation shall be undertaken at the discretion of DAN TravelAssist in consultation with the Insured's treating Physician.

Prescription Assistance. If You require prescription medication or eyeglasses not available where You are staying, DAN *TravelAssist* will consult with the prescribing physician, and locate and arrange to send Your replacement medications and/or prescriptions when it's possible and legally permissible to do so. You are responsible for the cost of providing the medication or eyeglasses.

Medical Expense Advances. Hospital admittance or discharge deposits will be advanced up to \$5,000 by DAN *TravelAssist* with an acceptable guarantee of reimbursement from either You or Your insurance.

Medical Monitoring. When DAN *TravelAssist* is notified of a Member's medical emergency, its staff will establish communication with the local attending medical provider and obtain as much information as possible about the situation and begin to monitor the Member's condition. Medical professionals will stay in regular communication with the local medical personnel and relay necessary information to the Member and his or her Family until the situation is resolved and the Member continues with his or her travels or returns to his or her primary residence as listed in the DAN database.

24-Hour Worldwide Medical Information and Assistance. A multilingual staff at DAN *TravelAssist's* Emergency Assistance Center provides 24-hour assistance and consultation if You suffer a medical emergency while You're traveling. The staff will consult with those at the location of the emergency and will assist in determining the best course of action for the Member given the situation. When both possible and appropriate, an effort will be made to consult with the Member's family physician. DAN *TravelAssist* will then organize a response to the medical emergency, doing whatever is deemed medically appropriate, including but not limited to recommending or securing the availability of services of a local physician, arranging hospital confinement, and in some cases, Medical Evacuation or Repatriation. DAN *TravelAssist* also handles nondiving-related medical referrals to physicians, hospitals and specialists as well as coordinating all aspects of emergency medical evacuation for You. DAN *TravelAssist* is not responsible for diagnosis or treatment.

Travel Assistance

Visit of Family Member or Friend. If a Member or Covered Family Member is traveling alone and is expected to require hospitalization for more than seven consecutive days, DAN *TravelAssist* will arrange and pay for economy round-trip airfare for a visitor chosen by the Member (or his or her Family) to travel to the site of hospitalization and return the visitor to his or her point of departure.

Return of Dependent Children. If a Member or Covered Family Member is traveling alone with his or her children, and becomes ill or injured and is unable to attend to the children's needs, DAN *TravelAssist* will arrange and pay for one-way economy airfare to return them to their place of residence. Qualified escorts will be provided at no charge, if necessary.

Return of Traveling Companion. If a Member's traveling companion loses previously made travel arrangements due to a delay caused by the Member's medical emergency, DAN *TravelAssist* will arrange and pay for one-way economy airfare to return the companion to his or her original departure point.

Pre-Trip Information. Get information for each country to be visited concerning immunization requirements, appropriate pre-departure medical examinations and/or treatment, passport and visa requirements, and information as to weather or other travel hazards through DAN *TravelAssist*.

Repatriation of Remains. If a Member or Covered Family Member dies while traveling, DAN *TravelAssist* will arrange and pay, up to the policy limit, for all costs associated with the return of the Member's remains, including expenses for required embalming, necessary government authorization, coffin(s) or cremation if required prior to the repatriation of the Member's remains, and a container appropriate for transportation of the remains for burial to the Member's place of residence as listed in the DAN database.

Return of Vehicle. If the Member or Covered Family Member is hospitalized or has an emergency medical evacuation which prevents the return of the Member's vehicle to the rental agency or his or her current principal residence, DAN *TravelAssist* will aid in arranging the return of the unattended vehicle and will reimburse the cost of returning the unattended vehicle to the rental agency or the Member's current principal residence, up to \$1,000 per event.

Personal Assistance

Emergency Message Transmission. DAN *TravelAssist* will receive and relay emergency messages to and from Your Family and/or employer.

Emergency Cash Advances. When possible, DAN *TravelAssist* will provide You with a cash advance of up to \$250 in local monies for medical emergencies with an acceptable guarantee of reimbursement from either You or Your insurance.

Assistance With Recovering Lost or Stolen Items. When a Member has had luggage, documents, credit cards, or personal items lost or stolen, DAN *TravelAssist* will aid the Member in reporting the lost or stolen items to the appropriate authorities; will provide direction for the replacement of passports; and will provide advice regarding how to recuperate lost or delayed luggage from a carrier. Direct cost of replacing the lost or stolen items are the responsibility of the Member.

General Assistance. DAN *TravelAssist* will provide advice regarding how to utilize services available in consulates and in government agencies and provided by translators and other service providers who assist with travel-related problems. You are responsible for the selection of these professionals and payment of any related fees.

Travel Assistance. When a Member needs travel service assistance in the event of an emergency, DAN *TravelAssist* will: (i) help coordinate emergency travel arrangements and hotel reservations; (ii) help replace lost or stolen airline tickets by arranging payment through the Member's credit card; and (iii) deliver replacement or prepaid tickets by express mail or directly to airline counters.

Insurance Claims Assistance. You can receive assistance in: (i) verifying your insurance coverage; (ii) guaranteeing payments to medical care providers; (iii) obtaining information for insurance claims for cases coordinated through DAN *TravelAssist*; and (iv) completing insurance and other medical claims forms. DAN *TravelAssist* will assist with Your eligible insurance claims until such claims have been settled or denied.

Legal Assistance

Legal Referrals. Referrals to local qualified attorneys are provided in the area in which You are traveling. Telephone interpretation can be provided when necessary. All expenses other than legal referrals are Your responsibility.

Bail Advances. Where permitted by law, You will be advanced up to \$5,000 in bail funds with an acceptable guarantee of reimbursement from either You or Your insurance.

Legal Assistance. If a Member is arrested or is in danger of being arrested as the result of any non-criminal action resulting from responsibilities attributed to him/her, DAN *TravelAssist* will provide the Member with the name of an attorney who can represent him/her in any necessary legal matters. If the Member is in need of any other form of legal assistance, DAN *TravelAssist* can arrange assistance from local attorneys, embassies or consulates.

Benefits, under DAN *TravelAssist*, are not payable with respect to expenses incurred:

1. While traveling against the advice of a Physician;

DAN *TravelAssist* does not cover any medical treatment expenses for accidents or injuries of any nature other than those costs incurred during evacuation.

DAN *TravelAssist* reserves the right to suspend services in any area in the event of rebellion, riot, military uprising, war, terrorism, labor disturbances, strikes, man-made catastrophe, acts of God, or refusal of authorities to permit DAN *TravelAssist* to fully provide services. In the event a Member travels into an area in which any of the above situations arises, DAN *TravelAssist* will attempt to provide its services to the best of its ability. The Member must realize that, due to political or socioeconomic conditions, there are some countries where longer time periods are required to safely perform a medical evacuation. It is the responsibility of the Member to inquire with DAN *TravelAssist* whether a country is "open" for assistance prior to his or her departure.

All decisions as to the need for evacuation and/or repatriation, the means and/or timing of any evacuation, the medical equipment and the medical personnel to be used and the final destination are medical decisions, which will be made by physicians designated by DAN *TravelAssist*, in consultation with a local attending physician based on medical factors, and DAN *TravelAssist* decision shall be conclusive in determining the need for such services.

However, the proof must be sent as soon as reasonably possible. In any case, the proof required must be sent no later than one year following the 180-day period specified unless the claimant was legally incapacitated.

Payment of Claim: Indemnity for loss of life will be payable to Your estate or, at United States Life's option, to Your spouse or cohabitant, if living, Your surviving children, equally, if the spouse is dead, or Your surviving parents, equally, if all children are dead. Any other accrued benefits unpaid at Your death may, at United States Life's option, be paid to the beneficiary or to the estate.

United States Life is entitled to deduct the amount of any such overpayments from future claims payable to the Member.

The Insured Person will be personally liable for reimbursement to United States Life to the extent of any recovery obtained by the Insured Person from any third party should United States Life assert a valid lien. If it is necessary for United States Life to institute legal action against the Insured person to recover under this provision, the Insured Person will be liable for all costs of collection, including reasonable attorney's fees.

United States Life shall not, under this Subrogation provision, be entitled to a refund of any benefit it has paid as an Accidental Death and Dismemberment benefit or a Permanent Total Disability benefit.

United States Life assumes no responsibility for the validity of any assignment.

For example, we may share your PHI with a health care provider to assist with processing claims or to another health plan to coordinate and/or seek reimbursement for benefit payments. We will share the least amount of information so that payment can be made. Usually, this involves identifying you, your diagnosis and the treatment provided.
- **Health Care Operations.** We use and disclose your PHI in order to perform our health care activities including, but not limited to, quality assessment activities, underwriting, premium rating, premium collection, reinsurance, legal, compliance, actuarial, auditing, or other administrative activities, including data analysis and management or customer service. We may review your health information if it is time for us to reestablish your eligibility for coverage or to conduct reassessments for case review. HIPAA, however, prohibits any use or disclosure of PHI that is genetic information for underwriting purposes. Genetic information means information about (1) your or your family members' genetic tests, (2) manifestation of a disease or disorder in your family members, or (3) your or your family members' requests for, or receipt of, a genetic test, counseling or education, or participation in clinical research which includes such test, counseling or education.
- **Treatment.** While we do not provide treatment, we may use and disclose your PHI to assist your health care providers (doctors, dentists, pharmacies, hospitals and others) in your diagnosis and treatment. For example, we may disclose your PHI to providers to provide information about alternative treatments.
- **Plan Sponsor.** We may disclose your PHI to the plan sponsor for purposes that are described in the document that governs the specific plan. However, prior to any such disclosure, the plan sponsor will be required to certify that it will use your PHI in accordance with regulations governing the privacy of your PHI.

¹ For purposes of this Notice, the AIG Companies include and the pronouns "we," "us," "our" and "plan" refer to American General Life Insurance Company,* The United States Life Insurance Company in the City of New York, and National Union Fire Insurance Company of Pittsburgh, Pa..

*This Company does not solicit business in New York.

- **Enrolled Dependents and Family Members.** We will mail explanation of benefits forms and other mailings containing PHI to the address we have on record for the person who is enrolled in the health plan.
- **Health Claim Vendors.** We may contract with individuals or vendors who are sometimes called “Business Associates” to perform various functions on our behalf or to provide certain types of services. In order to perform these functions on our behalf or to provide these services, Business Associates may receive, create, maintain, use and/or disclose your PHI, but only after they agree in writing with us to implement appropriate safeguards and maintain the privacy of your PHI. For example, we may disclose your PHI to a Business Associate to administer claims or to provide support services, such as underwriting services, actuarial services, legal services, care coordination services, utilization management, pharmacy benefit management or subrogation, but only after the Business Associate enters into a written agreement with us.

OTHER USES OR DISCLOSURES PERMITTED WITHOUT YOUR AUTHORIZATION

- **As Required by Law.** We may disclose PHI about you when required or allowed by law to do so.
- **To Persons Involved With Your Care, Your Child’s Care or Payment For That Care.** We may disclose PHI to a person involved with your care, your minor child’s care or payment for health care, such as a family member or your legal designee, when you are incapacitated, unavailable, facing an emergency medical situation, or when permitted by law. We may also disclose limited PHI to a public or private entity that is authorized to assist in disaster relief efforts in order for that entity to locate a family member or other persons that may be involved in some aspect of caring for you. You have the right to stop or limit these disclosures. Unless you inform us otherwise before your death, we may disclose PHI about you to your family members, other relatives or close personal friends to the extent relevant to such person’s involvement, prior to your death, in your care or payment for health care.
- **Public Health Activities.** We may disclose PHI to public health agencies that gather certain information for statistical purposes, for example, the Center for Disease Control, a state department of health, the Federal Food and Drug Administration, for reasons such as preventing or controlling disease, injury or disability.
- **Victims of Abuse, Neglect or Domestic Violence.** We may disclose PHI to government agencies authorized to receive such reports about abuse, neglect or domestic violence.

- **Health Oversight Activities.** We may disclose PHI to government oversight agencies for activities authorized by law, such as audits or inspections.
- **Judicial and Administrative Proceedings.** We may disclose PHI in response to a court or administrative order. We may also disclose PHI about you in certain cases in response to a subpoena, discovery request or other lawful process.
- **Law Enforcement.** We may disclose PHI under limited circumstances to a law enforcement official in response to a warrant, court order or similar process; to identify or locate a suspect, fugitive, material witness or missing person; or to provide information about the victim of a crime. We may also disclose PHI to a correctional institution if you are to become an inmate of a correctional institution.
- **Fraud/Misrepresentation.** We may disclose your PHI to non-affiliated organizations or persons such as other insurance institutions, agents, insurance support organizations, or law enforcement and governmental authorities as necessary to prevent criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with your coverage or application for coverage.
- **Coroners, Funeral Directors, Organ Donation.** We may release PHI about death to coroners, funeral directors, medical examiners or the register of deeds as necessary to allow them to carry out their duties. We may also disclose PHI for procurement, banking or transplantation of organs, eyes or tissue. In the case of organ donation, information must be shared to get a match.
- **Research.** Under certain circumstances, we may disclose PHI about you for research purposes that we have approved, provided certain measures have been taken to protect your privacy.

USES OR DISCLOSURES REQUIRING AN AUTHORIZATION

- **Psychotherapy Notes.** We must obtain your authorization for any use or disclosure of psychotherapy notes, except in cases of (1) use by the originator of the psychotherapy notes for treatment, (2) use or disclosure by us to defend ourselves in a legal action or other proceeding brought by you, (3) use or disclosure when required for government audits (see Government Audits) or when required by law (see As Required by Law), (4) use or disclosure for health oversight activities regarding the originator of the psychotherapy notes (see Health Oversight Activities), (5) disclosure to coroners or medical examiners (see Coroners, Funeral Directors, Organ Donation), or (6) use or disclosure to avert a serious threat to health or safety (see To Avert a Serious Threat to Health or Safety).
- **Marketing.** We must obtain your authorization for any use or disclosure of your PHI to make a communication promoting a product or service, except for communications in the form of (1) any face-to-face communication we have with you or (2) a promotional gift of nominal value that we provide. If marketing involves our receipt of any payment from or on behalf of a third party whose product or service is being described, the authorization will state that such payment is involved.
- **Sale of PHI.** We must obtain your authorization before any sale of PHI, and such an authorization will state that the disclosure will result in our receipt of remuneration. It is not considered a sale of PHI, however, if the disclosure is required by law or is for purposes of (1) a sale, transfer, merger or consolidation of all or part of us with or into another HIPAA-covered entity, (2) our subcontractors (or others on their behalf) performing legitimate services and receiving payment from us only for the performance of such services, or (3) for any other purpose permitted by the HIPAA privacy rule where the only remuneration we (or our business associates) receive is a reasonable cost-based fee for preparing and transmitting the PHI or such other fee expressly permitted by law.

All other uses or disclosures of your PHI not described in this Notice will be made only with your written authorization. You may revoke an authorization at any time in writ-

ing, but such revocation will not apply to the extent that we have already taken action in reliance on your authorization. To the extent the authorization was obtained as a condition of obtaining insurance coverage, other law may provide the insurer with the right to contest a claim under the policy or the policy itself.

YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION

You have certain rights regarding your PHI that we maintain about you.

- **Right To Access Your PHI.** You have the right to review or obtain copies of your PHI, with some limited exceptions. Your request to review and/or obtain a copy of your PHI records must be made in writing. We may charge a fee for the costs of producing, copying and mailing your requested information, but we will tell you the cost in advance. We may also deny such request. If you are denied access, you may ask that our denial be reviewed. You have a right to receive electronic copies of your PHI, but only to the extent it is electronically maintained.
- **Right to Amend Your PHI.** You have a right to amend your PHI with a written request specifying the reason you are seeking the amendment. We have the right to deny your request to amend your PHI records if (1) we did not create the record, unless you provide a reasonable basis for us to believe that the originator of the PHI is not available to act on the requested amendment, (2) you ask us to amend information that is not part of your record, (3) you ask us to amend information that is not available for inspection under HIPAA, or (4) you ask to amend a record that we determine to be accurate and complete. If we deny your request to amend, we will notify you in writing and include the reason for the denial. You then have the right to submit to us a written statement of disagreement with our decision which will be added to your records, and we have the right to rebut that statement. If we agree to amend the records as requested, we will inform you the amendment has been accepted. We will also make reasonable efforts to inform others, including specific parties named by you of the changes.
- **Right to an Accounting of Disclosures.** You have the right to receive an accounting of disclosures of your PHI made by us during the six years prior to your request. The accounting will not include disclosures of information: (1) made more than 6 years prior to your request; (2) for treatment, payment and health care operations; (3) to you or pursuant to your authorization; (4) to correctional institutions or law enforcement officials; and (5) other disclosures that federal law does not require us to provide an accounting. The first accounting that you request within a 12-month period will be free. For additional accountings within the same time period, we

may charge for providing the accounting, but we will tell you the cost in advance. Your request must be made in writing and must state the period of time for which you are requesting an accounting.

- **Right To Request Restrictions on the Use and Disclosure of Your PHI.** You have the right to request that we restrict or limit how we use or disclose your PHI for treatment, payment or health care operations. We may not agree to your request, except where the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law and the PHI pertains solely to a health care item or service that you (or others, other than the insurer, on your behalf) paid for in full out-of-pocket. If we do agree, we will comply with your request unless the information is needed for an emergency. Your request for a restriction must be made in writing. In your request, you must clearly state (1) what information you want to limit; (2) whether you want to limit how we use or disclose your information, or both; and (3) to whom you want the restrictions to apply.
- **Right To Receive Confidential Communications.** You have the right to request that we use a certain method to communicate with you or that we send information to a certain location if the communication could endanger you. Your request to receive confidential communications must be made in writing. Your request must clearly state that all or part of the communication from us in the usual manner could endanger you. Your request must specify how or where you wish to be contacted. We will accommodate all reasonable requests.
- **Right to a Paper Copy of This Notice.** You have a right at any time to request a paper copy of this Notice, even if you had previously agreed to receive an electronic copy. You may obtain a copy of this Notice by contacting our HIPAA Privacy Officer. See the end of this Notice for the contact information.

- **Breach Notification Requirements.** AIG Companies will comply with the requirements of the Health Information Technology for Economic and Clinical Health Act (“HITECH”) and its implementing regulations, including the final HIPAA Rules, to provide notification to affected individuals, HHS, and the media (when required) if we or one of our business associates discovers a breach of unsecured PHI. Unsecured PHI means PHI that is not secured by a technology standard that renders PHI unusable, unreadable, or indecipherable to unauthorized individuals.
